

BLEMISH CONTROL X-TREME SERUM

OIL CONTROL SERUM

CONCENTRATED SERUM: ACNE CONTROL AND HYDRATION

DEEP HYDRATION · MINIMIZES PORES · SEBUM CONTROL

WHAT IS BLEMISH CONTROL X-TREME SERUM?

CONCENTRATED SERUM TO COMBAT BLEMISHES AND EVEN SKIN TONE.

Intensive Serum with 84% Natural Origin, formulated with 2% Salicylic Acid and 2% Niacinamide, designed to reduce blemishes, balance sebum production, and improve skin texture. Ideal for acne-prone skin or those seeking an effective treatment to even skin tone and prevent breakouts. Keeps skin hydrated, leaving it soft and supple.

♥ BENEFITS

- Controls excess sebum and prevents acne.
- Visibly reduces pores and blackheads.
- Provides deep hydration.
- Protects against blue light.
- Helps improve skin softness and suppleness.
- Anti-blemish and anti-inflammatory action.

⚡ PROVEN EFFICACY

90% LESS OILY SKIN*

70% SOFTER AND MORE HYDRATED SKIN*

145% ANTI-AGING CELLULAR RENEWAL**

🌿 ACTIVE INGREDIENTS

- **Niacinamide (2%):** A multifunctional active ingredient that reduces acne, controls redness, and evens out skin tone. Strengthens the skin barrier and improves hydration, helping to prevent new blemishes.
- **Salicylic Acid (2%):** A beta-hydroxy acid (BHA) that penetrates deeply into the pores to exfoliate from within. Helps prevent and reduce acne by removing impurities and decreasing blackhead formation.
- **Azeclair:** A derivative of azelaic acid that regulates excess sebum, improves the appearance of acne scars, and protects the skin from environmental pollution damage.
- **Cobiobalance:** An advanced ingredient that regulates the skin's natural microbiota, promoting balance and reducing the risk of irritation or breakouts.
- **Cobiostem Alerce:** Derived from the Larch tree, it stimulates cellular renewal for smoother, more even skin. Additionally, it provides protection against blue light, helping to prevent damage associated with digital aging.

💧 SENSE

Lightweight, fast-absorbing texture.
Matte finish with no sticky feeling.
Fresh, natural fragrance thanks to its botanical extracts.

30 ml

*In vivo test conducted with 20 volunteers aged 25 to 40 with oily skin, using Azeclair twice daily for 3 weeks.

**Study of COBIOSTEM Alerce.

HOW TO USE

Preparation:

- Cleanse and dry your face before application to maximize serum absorption.

Application:

- Apply 3-4 drops of the product onto the palm of your hand or directly onto your face.
- Gently massage in circular motions, focusing on areas with blemishes or oily zones.

Frequency of Use:

- Use in the morning and/or evening before your moisturizer.
- In the morning, follow with sunscreen to avoid sensitivity.

Additional Recommendations:

- Enhance your routine by pairing it with other DR+ TWENTY products for maximum benefits:
 - 1. BLEMISH & AGE FOAM CLEANSER.
 - 2. BLEMISH CONTROL X-TREME SERUM
 - 3. GLOW+ HYDRO CREAM (OIL FREE)
- For amplified results, combine its use with UNICSKIN Technology:
 - UNIC**THERMO-SONIC 2.0** and UNIC**LED KOREAN MASK**.

**Achieve a more even complexion, free of imperfections, with a fresh, matte finish.
Perfect for those seeking visible results in a short time.**

PRECAUTIONS

- **Topical use only:** This product is formulated exclusively for topical application. It should not be ingested or applied to areas with open wounds, burns, or severe irritation.
- **Avoid contact with eyes and mucous membranes:** If accidental contact with eyes occurs, rinse immediately with plenty of water. If irritation persists, consult a specialist.
- **Sensitivity test:** Apply a small amount to your forearm before first use. Wait 24 hours to ensure no adverse reactions such as redness, itching, or irritation.
- **Natural fragrances:** Contains natural fragrances and botanical extracts which, while gentle, may cause sensitivity in highly reactive skin. Use with caution if you have a history of allergies.
- **Do not combine with other harsh exfoliants:** Avoid using products containing retinoids, alpha-hydroxy acids (AHA), or beta-hydroxy acids (BHA) simultaneously to prevent excessive irritation or sensitivity.
- **Discontinue use if sensitivity occurs:** If persistent redness, itching, or any adverse reaction occurs, stop use immediately and consult a dermatologist if symptoms persist.
- **Sun protection recommended:** Due to the presence of salicylic acid, it is essential to apply a broad-spectrum sunscreen during the day to avoid photosensitivity or dark spots.
- **Storage:** Store in a cool, dry place away from direct sunlight and heat sources to maintain the stability of active ingredients.
- **Keep out of reach of children:** This serum is not intended for use by children. Prevent accidental access.
- **Consult a specialist:** If you are pregnant, breastfeeding, or have a pre-existing medical condition, consult a dermatologist before using this product.
