THE HAIR SERUM

PROTECTIVE AND REHYDRATING SERUM

Daily-use biphasic serum designed to protect the hair against external aggressors such as **heat, pollution, and dehydration**. Its lightweight formula helps **restore the appearance of damaged hair fiber**, while helping to **retain hydration and improve manageability, leaving the hair softer, more flexible, and shinier**.

Enriched with **Keramare™**, a marine-derived active ingredient that helps **reinforce the hair's internal structure**, it also forms a **protective barrier against thermal damage and environmental stress**. As Step 3 of the ROOT DEFENSE LAB protocol, it completes the routine by helping to protect the hair throughout the day and preserve its softness, vitality, and healthy-looking appearance.

♥ BENEFITS

- Protects against heat damage.
- Repairs damaged hair fibers.
- Retains hydration without weighing the hair down.
- Controls frizz and improves softness.
- Adds shine and softness.

🧪 PROVEN EFFICACY

- ***MORE BEAUTIFUL + SHINIER HAIR**
- ***HAIR PROTECTED AGAINST HEAT**
- ***MORE HYDRATED HAIR WITH ENHANCED MOISTURE RETENTION**

🌿 ACTIVE INGREDIENTS

Keramare™ (3 %)

Marine-derived active ingredient that acts on the hair fiber, reconstructing the hair and repairing damage. It also adds shine and protects against heat.

Argan Oil (0,5 %)

Nutritive active ingredient that helps soften, protect, and add shine to the hair, improving elasticity and reducing frizz.

Cetrimonium Chloride

Cationic conditioning agent with antistatic action that helps improve the softness of the hair fiber, facilitates wet and dry combing, and helps reduce frizz and static electricity.

Emulium® Mellifera

Emulsifying and texturizing ingredient that helps provide softness, lightness, and a non-greasy feel, improving the application and finish of the product on the hair.

INCI: Aqua (Water), Glycerin, Octyldodecyl Myristate, Parfum (Fragrance), Polyglyceryl-6 Distearate, Gluconolactone, Cetrimonium Chloride, Argania Spinosa Kernel Oil, Jojoba Esters, Sodium Benzoate, Cetyl Alcohol, Polyglyceryl-3 Beeswax, Zea Mays Starch, Cystoseira Compressa Extract, Linalool, Calcium Gluconate, Hydroxycitronellal, Benzyl Alcohol, Limonene, Dehydroacetic Acid.

HOW TO USE

Shake well before use. Spray onto damp or dry hair and massage gently to ensure even distribution. Do not rinse. Suitable for daily use. On damp hair, it acts as a heat protectant against blow-drying and straighteners. On dry hair, it is ideal for defining the style. For a better finish, apply with your head tilted downward and shape with your fingers to achieve more volume. Use as Step 3 of the ROOT DEFENSE LAB hair treatment protocol.
