

UNICSKIN

YOUR EFFECTIVE SOLUTION

UNICRETINOL++ INVISIBLE NIGHT MASK

0,29% PURE RETINOL - BOOSTER MASK

SLEEPING MASK & FLASH EFFECT FOR NIGHT EVENTS

UNICSKIN's night mask allows an intensive anti-aging treatment in record time, and in an easy and practical way: while you sleep.

Based on 0.29% Pure Retinol (the maximum allowed in facial products) our mask fights skin aging, improving firmness, reducing wrinkles and fading spots.

¿WHAT IS PURE RETINOL?

It is the most effective of all the existing forms of retinol. It is a derivative of vitamin A, which stimulates collagen production and accelerates cellular rejuvenation. Because it is so potent and effective, it is recommended to incorporate it into your beauty routine little by little, such as twice a week, and observe how your skin reacts.

FIRMING

Stimulates the skin's own natural firming capacity and provides an instant lifting effect.

REJUVENATES

Stimulates the production of collagen and hyaluronic acid, reduces wrinkles and prevents aging.

RENEWS

Improves skin texture and reduces the size of pores, scars and acne marks.

REVITALISES

Restores the natural luminosity of the face and reduces pigmentation spots.

MOISTURISES

Provides extra hydration to the skin, revealing a more beautiful complexion.

ACTIVE INGREDIENTS

Pure Retinol (0,29%)

Accelerates skin renewal for younger looking skin. Visibly reduces wrinkles and blemishes and restores skin firmness.

Gatuline® In-tense (2%): Stimulates skin's own natural firming ability, leaving skin firmer and reducing the appearance of wrinkles.

Phylderm® Vegetal (5%): Stimulates cell metabolism and oxygenates cells to revitalise and brighten the skin.

Vitamin E (1,5%): Antioxidant properties.

Pore Reductyl NT (2%): Reduces the appearance of pores and helps to reduce shine, leaving it looking mattified and smoother.

Emullium Dermolea MB (5,5%): Reinforces the skin barrier and provides hydration.

HOW TO USE

1. AS INTENSIVE MASK: Apply the mask all over the face, avoiding contact with the eyes, before going to sleep. The next morning, wash your face with plenty of water and apply your usual beauty routine.

2. BEFORE A NIGHT EVENT: Apply the mask all over the face, avoiding contact with the eyes, and leave it on for a few minutes. Rinse face with plenty of water and apply your usual beauty routine and make-up.

HOW TO USE
MODO DE USO

THERE IS NO RETINOL WITHOUT GOOD PROTECTION...

Combine the use of our **UNICRETINOL++ INVISIBLE NIGHT MASK** with our urban sunscreen **UNICSUN+ DARK SPOT CONTROL** during the days after the treatment for a protected and even younger looking skin.
